CR-05 - Goals and Outcomes

Progress the jurisdiction has made in carrying out its strategic plan and its action plan. 91.520(a)
This could be an overview that includes major initiatives and highlights that were proposed and executed throughout the program year.

CDBG - The State continues to focus CDBG resources on public water/wastewater infrastructure, community public facilities, and economic development with the express purpose of assisting businesses with job creation. In addition, we have small set-asides for emergency projects and redevelopment activities (demolition of blighted vacant properties). The State is on target to obligate all FY15 CDBG funds to local governments carrying out these activities.

The HOME accomplishment data is based only on the units completed between 4/1/15 and 3/31/16. The reported unit numbers include the total units for the project created with HOME funds as reflected in our 2013 – 2017 Consolidated Plan and 2015 Action Plan. Due to only reporting on projects completed in IDIS during this time period we did not meet some of our one year and strategic plan goals. There are currently 8 projects that consist of 428 units created with HOME funds that are more than 70% complete. We would have raised our accomplishment percentages in rental units rehabilitated, rental units constructed, elderly rental units rehabilitated, elderly rental units constructed, special needs rental units constructed and special needs rental units rehabilitated. We exceeded our goal in preservation of affordable housing for low income households for rental units rehabilitated and homeowner housing rehabilitated.

Comparison of the proposed versus actual outcomes for each outcome measure submitted with the consolidated plan and explain, if applicable, why progress was not made toward meeting goals and objectives. 91.520(g)
Categories, priority levels, funding sources and amounts, outcomes/objectives, goal outcome indicators, units of measure, targets, actual outcomes/outputs, and percentage completed for each of the grantee's program year goals.

Table 1 - Accomplishments – Program Year & Strategic Plan to Date

OMB Control No: 2506-0117 (exp. 07/31/2015)

Assess how the jurisdiction's use of funds, particularly CDBG, addresses the priorities and specific objectives identified in the plan, giving special attention to the highest priority activities identified.

Non housing community development needs/goals identified in the Consolidated Plan, and for which CDBG funds are targeted, include economic development, public improvements/infrastructure, and public facilities. The State continues to allocate CDBG funds to these needs/goals in accordance with the Consolidated Plan. These continue to be priority needs for the State.

The strategic plan, program year, and actual numbers reported using HOME funds include all units produced by MHDC as stated above. The Balance of State Continuum of Care funds provide housing assistance for both transitional and permanent supportive housing for individuals and families experiencing homelessness. It also provides funding for HMIS systems and Continuum of Care planning. The State of Missouri utilizes Emergency Solutions Grant funds to provide services to sheltered, unsheltered, and households at-risk of homelessness. The services provided include outreach services to unsheltered households, essential services to sheltered households in emergency shelters, and financial assistance and housing search and stabilization services to households experiencing homelessness or at immediate risk of becoming homeless.

OMB Control No: 2506-0117 (exp. 07/31/2015)

CR-10 - Racial and Ethnic composition of families assisted

Leveraging

Explain how federal funds leveraged additional resources (private, state and local funds), including a description of how matching requirements were satisfied, as well as how any publicly owned land or property located within the jurisdiction that were used to address the needs identified in the plan.

$146,911,179 of total leverage from all CDBG closed projects during PY15. Of this amount, $42,028,014 was local cash; $1,270,524 was in-kind; $82,601,204 was other private investment and $21,011,437 is other state and federal funds.

MHDC met and exceeded the one year match goal and has added an additional $1,337,548 to the excess match balance. Rental Housing Production HOME funds in Missouri are typically used in conjunction with the federal and state low-income housing tax credit (LIHTC) programs. In most cases, when HOME funds and LIHTC are used together, the development may receive up to 75% of its financing through tax credit equity. Authorized by Congress in 1986 to encourage production of affordable rental housing, the Federal Low Income Housing Tax Credit Program allows corporations and individuals to invest in affordable housing in exchange for a dollar-for-dollar credit against the taxes those investors will owe over a 10-year period. In 1992, the state of Missouri formed a State Low-Income Housing Tax Credit Program that may currently match up to 100% of the federal credits to further encourage private-sector participation in the construction and rehabilitation of affordable, low-income housing. Most tax credits are sold directly to corporations, corporate funds or limited partnerships through public or private syndication. The private sector investors in these affordable, low-income housing projects are allocated federal tax credits and state tax credits, which can be used to offset the investor's federal and state income tax liability on a dollar-for-dollar basis over a 10-year period.

Fiscal Year Summary – HOME Match	
1. Excess match from prior Federal fiscal year	113,574,843
2. Match contributed during current Federal fiscal year	4,293,394
3. Total match available for current Federal fiscal year (Line 1 plus Line 2)	117,868,238
4. Match liability for current Federal fiscal year	2,955,847
5. Excess match carried over to next Federal fiscal year (Line 3 minus Line 4)	114,912,391

CR-20 - Affordable Housing 91.520(b)

Evaluation of the jurisdiction's progress in providing affordable housing, including the number and types of families served, the number of extremely low-income, low-income, moderate-income, and middle-income persons served.

	One-Year Goal	Actual
Number of Homeless households to be provided affordable housing units	752	39
Number of Non-Homeless households to be provided affordable housing units	104	458
Number of Special-Needs households to be provided affordable housing units	186	39
Total	**1,042**	**536**

Table 11 – Number of Households

	One-Year Goal	Actual
Number of households supported through Rental Assistance	600	0
Number of households supported through The Production of New Units	66	27
Number of households supported through Rehab of Existing Units	38	27
Number of households supported through Acquisition of Existing Units	0	0
Total	**704**	**54**

Table 12 – Number of Households Supported

Discuss the difference between goals and outcomes and problems encountered in meeting these goals.

The numbers in the chart number of households supported through rental assistance, the production of new units, rehab of existing units, and acquisition of existing units report on only HOME units whereas in other noted places in the document we report on all units in a HOME development. MHDC doesn't use HOME funds for rental assistance the 600 units of rental assistance should be zero. This number is auto populated by IDIS and cannot be changed. The numbers reported here do not meet our one-year goal for homeless households and special needs households, but have exceeded our goal in non-homeless households because of the amount of projects that were completed between the reporting period 4/1/15 and 3/31/16. There are currently 8 projects that use HOME funds that are more than 70% complete consisting of an additional 328 new construction units and 100 rehabilitated units. We believe that the project completion schedule would have helped us meet our anticipated goal.

OMB Control No: 2506-0117 (exp. 07/31/2015)

Discuss how these outcomes will impact future annual action plans.

As projects complete, our reported outcomes will continue to be on track with our strategic planning targets even if they are under or above the target goal for each particular year due to the reporting logistics. We will take this into consideration in the creation of future action plans.

Include the number of extremely low-income, low-income, and moderate-income persons served by each activity where information on income by family size is required to determine the eligibility of the activity.

Number of Persons Served	CDBG Actual	HOME Actual
Extremely Low-income	0	111
Low-income	0	58
Moderate-income	0	66
Total	**0**	**235**

Table 13 – Number of Persons Served

Narrative Information

The first table in CR-20 reports on all units for projects that include HOME funds. The second table "number of households supported through" only reports on HOME units. The final table "number of persons served" reports on any completion information for individuals and families served with HOME funds between 4/1/15 and 3/31/16.

CR-25 - Homeless and Other Special Needs 91.220(d, e); 91.320(d, e); 91.520(c)

Evaluate the jurisdiction's progress in meeting its specific objectives for reducing and ending homelessness through:

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

The Balance of State (BoS) Continuum of Care (CoC) made progress establishing a Coordinated Entry system that is designed to assess and refer clients to appropriate services. This system will provide additional opportunities for outreach. BoS CoC Planning funds assist with coordinating the Point-in-Time Count (PITC) in 101 coutnies of the CoC each year. The PITC provides an outreach and assessment opportunity across the CoC. The BoS CoC works with a new community in the CoC each year to plan a Project Homeless Connect event which provides outreach and services to homeless individuals and families. Finally, street outreach activities are funded through the Emergency Solutions Grant program.

Addressing the emergency shelter and transitional housing needs of homeless persons

The Emergency Solutions Grant program provided 42 emergency shelters with funding for shelter operations to ensure crisis housing is available across communities and to provide essential services to address the housing instability of individuals and families experiencing homelessness.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: likely to become homeless after being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); and, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs

The BoS CoC made progress establishing a Coordinated Entry System that covers all 101 counties in the CoC using a regional approach. The Coordinated Entry will serve as a single point of access for those at-risk of or experiencing homelessness. The goal of programs funded under the Emergency Solutions Grant program is to reduce the length of stay for individuals and families utilizing emergency shelters during their housing crisis in order to reduce the length of time that individual or family experiences homelessness. In addition, service providers receiving ESG Homelessness Prevention and Rapid Re-housing programs have a goal of assisting households experiencing homelessness or at imminent risk of homelessness with housing stability within 30 days.

Additionally, the Governor's Committee to End Homelessness established a Discharge Policy in 2012 that was adopted by all Missouri CoCs. The discharge policy establisted the following guiding principles:

- Homelessness is unacceptable in Missouri;

OMB Control No: 2506-0117 (exp. 07/31/2015)

- Efforts to secure permanent housing shall be made prior to being discharged from a state or public facility, such as a mental health facility, substance abuse treatment facility, long-term care facility, or jail/prision;
- If "temporary" shelter placement is unavoidable, the reasons for this should be documented;
- If after having exhausted efforts to engage the client in a discharge plan, if the client continues to refuse services, the efforts will be noted;
- If a client receiving out-patient services becomes homeless, the state or public facility should work actively with available community resources to locate suitable housing.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

The Balance of State Continuum of Care prioritizes chronically homeless individuals and families within Permanent Supportive Housing programs in its annual competition. According to the 2015 State of Missouri Homeless Study, in the Balance of State "the number of individuals and persons in families who report being chronically homeless has declined by 28.5 percent since 2007 and over 50 percent since its 2011 high". The Balance of State works with SSVF providers to identify strategies to identify and assist homeless Veterans.

The State of Missouri utilized funding for the Emergency Solutions Grant program to reduce instances of homelessness, to ultimately end homelessness, by providing services to target the different experiences of homeless situations including those individuals and families who are chronically homeless, Veterans and unaccompanied youth. The Missouri ESG Program utilized funding:

- In three (3) communities to target unsheltered households and provide case management in order to address the most immediate need;
- In forty-two (42) emergency shelters to assist in the operation of the shelters and to address the needs of the households seeking shelter by providing case management and other services targeting towards housing stability; and
- In seventeen (17) programs to provide services to rapidly re-house households experiencing homelessness or to prevent homelessness for households at immediate risk of losing their housing, by directing case management and financial assistance towards reducing the time that the households' are in an unstable housing situation.

All programs in Missouri utilize ESG funding to address the needs of low-income households to prevent them from becoming homeless by participating in collaborative efforts to better identify and refer

households in need of assistance to ensure housing stability.

OMB Control No: 2506-0117 (exp. 07/31/2015)

CR-30 - Public Housing 91.220(h); 91.320(j)

Actions taken to address the needs of public housing

As the state housing finance agency, MHDC does not manage or oversee funds to any of the 100+ Public Housing Authorities throughout the state. We will continue to work with the Public Housing Authorities to house Missouri's low-income households to the extent that our HOME Funds allow.

Pending litigation has not yet finalized the Project Based Contract Administrator (PBCA) for the state of Missouri.

Actions taken to encourage public housing residents to become more involved in management and participate in homeownership

MHDC does not own or operate assisted housing units directly.

For those PBCA properties within our portfolio, MHDC's Resident Relations department acts as a liaison between the residents and management companies. As a liaison MHDC staff encourages communication between all interested parties to ensure that resident input is considered and access to management is improved. A toll-free hotline number is posted at all PBCA properties for resident use in cases where an issue is not resolved in a timely manner. MHDC staff provides follow up to make certain issues are resolved.

Actions taken to provide assistance to troubled PHAs

MHDC does not own or operate assisted housing units directly. MHDC is committed to working with the PHAs throughout the state, ensuring that the needs of the residents are met.

CR-35 - Other Actions 91.220(j)-(k); 91.320(i)-(j)

Actions taken to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment. 91.220 (j); 91.320 (i)

Noted barriers – low AMI, limited funding for affordable home ownership programs, limited funding for affordable housing production, rental assistance and the MHTF, as well as the continued loss of available, rural, affordable housing stock through age and attrition – will continue to define MHDC's priorities, programs and areas for improvement over the course of the next year. To the extent that it is possible, strategies for overcoming these obstacles should act as the impetus for changes in the QAP process, HOME and LIHTC allocations, the ESG and MHTF programs.

For the April 1, 2015 to March 31, 2016 reporting period, the actions taken to affirmatively further fair housing included:

- The requirement that all grantees of the state pass or update a Fair Housing ordinance or resolution that contains all of the protected status categories;
- The requirement that all grantees of the state initiate a fair housing furtherance activity for their project year (such as proclamations, publications housing fairs, panels, speeches, etc.);
- Implementation of the Analysis of Impediments to Fair Housing Choice on a statewide basis;
- Promotion of an educational and awareness campaign statewide of our findings from the AI study;
- Producing and distributing copies of the study to state agencies, regional planning commissions, community action agencies, public housing authorities, etc.;
- Organizing a 5-year approach to eliminate the impediments found in the study. We have identified, in a prior five-year cycle, five major impediments to fair housing choice. We will focus on one of these impediments during each year of this cycle. Grantees are provided with a technical assistance packet that provides guidance on actions to be taken.
- The requirement that each grantee to perform one action annually that will serve to reduce a known impediment;
- Including Fair Housing and AI training in the CDBG 2-day Administrative Training;
- Including Fair Housing and AI training at each of the New Grantee trainings;
- Participation with the Governor's Committee to End Homelessness;
- Participating in the Missouri Housing Development Commission's Housing Trust Fund Advisory Committee.
- Participating in the Missouri Housing Development Commission's Emergency Solutions Grant (ESG) Program Advisory Committee.
- Attended the Governor's Conference on Housing;
- Attended Missouri Legislative Black Caucus.

Notable changes in the 2016 QAP were made to address barriers to housing choice. Funding priorities were created for developments built in high opportunity areas, developments that meet service enriched criteria, and developments that are included in a community redevelopment plan. All new construction projects shall be designed and built in accordance with the principles of universal design. New language, with some exceptions, in the 2016 QAP sets a limit on new affordable construction to 50 units or less, prohibits development within a one mile radius of affordable housing approved within the previous two funding cycles, and prohibits development in areas where subsidized housing constitutes more than 20% of the existing available housing stock. MHDC will continue to work with stakeholders to ensure that low and moderate income Missourians have access to affordable housing throughout the state.

Actions taken to address obstacles to meeting underserved needs. 91.220(k); 91.320(j)

Notable changes in the 2016 QAP were made to address barriers to housing choice. Funding priorities were created for developments built in high opportunity areas, developments that meet service enriched criteria, and developments that are included in a community redevelopment plan. All new construction projects shall be designed and built in accordance with the principles of universal design. New language, with some exceptions, in the 2016 QAP sets a limit on new affordable construction to 50 units or less, prohibits development within a one mile radius of affordable housing approved within the previous two funding cycles, and prohibits development in areas where subsidized housing constitutes more than 20% of the existing available housing stock. MHDC will continue to work with stakeholders to ensure that low and moderate income Missourians have access to affordable housing throughout the state.

Using a statewide average median income for determining eligibility for the LIHTC program expands the number of working families and seniors who would qualify to live in a LIHTC unit. This simple programmatic change would keep vacancy rates low in LIHTC developments in some rural communities and help more families benefit from the affordable rents provided by LIHTC apartments.

As affordable units age, deterioration removes them from the available stock; replacing those units with safe, decent, and sanitary affordable housing is critical to ensuring that moderate, low and very low income households continue to live and work in both rural and urban communities. In the 2016 QAP, MHDC lists preservation of affordable housing as a funding priority. Through the QAP process, MHDC is able to direct funds and change priorities based on where the greatest need presents itself and will continue to do so.

Recent data on LIHTC tenants show that more than 40% of LIHTC tenants are considered extremely low income – and more than 70% of those tenants receive some form of additional rental

assistance. Programs such as ESG and the MHTF allow MHDC to utilize funds for this purpose.

MHDC has been designated as Missouri's administrator for the National Housing Trust Fund (NHTF), monies that target very low and extremely low income households. In accordance with the NHTF rule (24 CFR Parts 91 and 93), MHDC will develop and publish an allocation plan for the NHTF and will seek public comment on the plan prior to finalization.

The Missouri Statewide Fair Housing Impediments Analysis 2013-2014 underlined the fact that housing discrimination continues despite education and improved housing access for some communities; for low income renters, that discrimination is most pronounced. For some populations, discrimination can, to an extent, be mitigated. The Violence Against Women Reauthorization Act (VAWA) of 2013 expands housing protections to eligible residents living in LIHTC developments. MHDC's Asset Management team is working with properties to educate them about their responsibilities and will provide further guidance as it becomes available from HUD. MHDC requires all affordable developments to adopt fair housing marketing plans prior to the issuance of funding; that requirement will extend to all NHTF properties once that allocation is finalized. Creating more affordable housing options for all Missourians, educating our property managers about fair housing choice, and improving access to affordable housing resources for those who need it, will continue to drive MHDC's work.

Actions taken to reduce lead-based paint hazards. 91.220(k); 91.320(j)

MHDC has a Lead Based Paint Policy and Procedures for the rental rehabilitation program, which is located in the "Guidelines for Rehabilitation Projects." Below is the current policy:

1) MHDC requires a physical needs assessment for all rental housing production proposals for the rehabilitation of existing buildings. The physical needs assessment must include an assessment of the presence or suspected presence of lead-based paint, asbestos or mold for all proposals.

2) Developers must provide the age of the structure as requested in the Rental Production application FIN-100.

3) Developers must submit the following documents with the application for firm commitment as specified in the conditional reservation agreement issued for the development:

a) Lead Hazard Evaluation Procedures; and

b) Lead Hazard Reduction Procedures.

As the result of the firm submission review, MHDC staff shall indicate the required lead hazard reduction work and protective measures to be followed during construction.

4) Prior to the conversion or closing of a permanent loan with MHDC, the borrower shall provide:

a) Tenant Notification Procedures;

b) Lead Clearance;

c) Contractor's Abatement License;

d) Contractor's certification of completion of a lead-safe work practices training program for each worker that comes in contact with lead; and

e) Ongoing Maintenance Procedures, if required.

In addition to these procedures, MHDC has guidelines for the Physical Needs Assessment, which is submitted with the application for funding. Among other things, this document addresses the need and requirement for a lead-based paint assessment.

Actions taken to reduce the number of poverty-level families. 91.220(k); 91.320(j)

MHDC has a Community Initiatives Department which is tasked with drastically reducing and ultimately ending homelessness in Missouri. As a state housing finance agency, MHDC administers the Missouri Housing Trust Fund, Emergency Solutions Grant program, Balance of State Continuum of Care, Housing First program, HMIS funding, Disaster Relief Funding, homeless study, and Special Needs Housing priority through LIHTC. By utilizing one department to administer most of the homeless assistance programs throughout Missouri, funding can be effectively coordinated for the goal of ending homelessness in Missouri.

Actions taken to develop institutional structure. 91.220(k); 91.320(j)

Actions taken to enhance coordination between public and private housing and social service agencies. 91.220(k); 91.320(j)

MHDC has a Community Initiatives Department which is tasked with drastically reducing and ultimately ending homelessness in Missouri. As a state housing finance agency, MHDC administers the Missouri Housing Trust Fund, Emergency Solutions Grant program, Balance of State Continuum of Care, Housing First program, HMIS funding, Disaster Relief Funding, homeless study, and Special Needs Housing priority through LIHTC. By utilizing one department to administer most of the homeless assistance programs throughout Missouri, funding can be effectively coordinated for the goal of ending homelessness in Missouri.

MHDC administers the annual allocation of the state and federal LIHTC. Reliant on partnerships between private companies and public entities, the LIHTC program is the most successful tool used to produce affordable housing throughout the state.

Identify actions taken to overcome the effects of any impediments identified in the jurisdictions analysis of impediments to fair housing choice. 91.520(a)

The Missouri Statewide Fair Housing Impediments Analysis 2013-2014 underlined the fact that housing discrimination continues despite education and improved housing access for some communities; for low income renters, that discrimination is most pronounced. Creating more affordable housing options for Missourians through new construction and preservation along with educating our property managers about fair housing choice will continue to drive MHDC's work.

CR-40 - Monitoring 91.220 and 91.230

Describe the standards and procedures used to monitor activities carried out in furtherance of the plan and used to ensure long-term compliance with requirements of the programs involved, including minority business outreach and the comprehensive planning requirements

Monitoring checklists are provided to all grantees during the initial training for grant administration to clarify compliance requirements and to inform the grantees of the areas to be monitored.CDBG grantees are required to submit to the state field representative for that area all required ordinances/resolutions involving excessive force, anti-lobbying, and fair housing; all financial paperwork setting up the grant; and enough environmental paperwork to be able to allow the release of funds. The field representative will evaluate the new project in terms of risk or need for oversight or assistance and decide, with the consensus of program management, whether the project requires one or two field monitoring. The field monitoring will take place at strategic times in the life of the project. Technical assistance visits may be scheduled any time necessary, in addition to the required monitoring visit. The four primary components of CDBG monitoring are progress on planned activities, program compliance, fiscal management, and fiscal compliance. It is the responsibility of each CDBG grant recipient to develop a system to assure that the financial and program compliance provisions established by federal and state law and supporting regulations and provisions are met. In addition to complying with all appropriate provisions, recipients must be assured that outside contractors and delegate agencies are likewise in compliance with the various laws and regulations.

The MHDC Asset Management Department examines tenant eligibility and income certifications on a regular basis, ensures that all HOME units are suitable for occupancy, and audits all HOME-funded developments for compliance with Uniform Physical Condition Standards (UPCS), local health, safety, and building codes in accordance with HOME requirements and regulations. MHDC also audits home repair projects to ensure that the sub-grantee maintains sufficient records as required by the IRS and HOME rules and regulations. The State of Missouri's Emergency Solutions Grant is monitored on multiple levels, including on-site monitoring of each grantee and subgrantee. The HUD grantee, the Missouri Department of Socials Services, monitors the sub-grantee, the Missouri Housing Development Commission (MHDC). MHDC monitors each of their sub-grantees that provide direct service or shelter service to eligible households. Monitoring activities include thorough audits of financial expenses and client assistance, as well as review of client documentation and files. Monitoring standards and procedures were developed based on the requirements outlined in the federal regulations and each grantee's usage of ESG funds are monitored relative to their compliance with state and federal regulation. All monitoring visits are documented using monitoring tools and saved in the agency file. Each agency receives a monitoring report. The Balance of State Continuum of Care grantees receive annual technical assistance visits by both the Continuum of Care and HMIS lead agencies. The visits are utilized to provide additional support for the agencies in maintaining compliance with HUD. If issues are found this information is discussed with the agency and provided to the Governor's Committee to End Homelessness, the governing body of the Balance of State. The lead agency then provides follow-up and

OMB Control No: 2506-0117 (exp. 07/31/2015)

technical assistance.

Citizen Participation Plan 91.105(d); 91.115(d)

Describe the efforts to provide citizens with reasonable notice and an opportunity to comment on performance reports.

The State post the CAPER on the Department of Economic Development website, with notice provided of the posting. The CAPER is available for a 15-day comment period.

CR-45 - CDBG 91.520(c)

Specify the nature of, and reasons for, any changes in the jurisdiction's program objectives and indications of how the jurisdiction would change its programs as a result of its experiences.

The state maintains its basic objective of meeting critical community development needs such as infrastructure, housing, and economic development. In each category an emphasis is still placed on (1) need (defined by the projects relation to: a threat to health and safety; environmental damage; project viability; property damage; and growth), (2) impact (defined by strategy; cost effectiveness; operation and maintenance capacity; and self-sustaining capabilities), (3) past efforts to address the need (defined as feasibility efforts by the community to solve the problem), and (4) local effort (defined as cash match; tax/effort; and in-kind services).
The primary uses of CDBG funding, as designated by the Department of Economic Development are for community infrastructure development and economic development. Below, we are reporting projects awarded during FY15; however, we are reporting actual beneficiaries for projects that closed during FY15. Missouri's obligation deadline, based on a HUD award date of 8/12/15, is 11/11/16. Missouri is on pace to meet the obligation deadline.
a) Housing. Missouri funds projects in small communities using a "demolition only" approach. The demolition only approach allowed the opportunity to eliminate blighted, vacant, unsafe structures through demolition.There is no stand-alone category for housing; the housing funds are a part of the Demolition funding category. The state funded 5 communities for housing activities; all were for demolition of vacant blighted units.

Economic Development. The state continues to offer a variety of tools with CDBG (loans, float loans, loan guarantees, speculative buildings, and infrastructure grants) to encourage expansion of jobs in rural parts of the state.The state funded 2 projects (to date) relating to economic development with the intent of job creation for low and moderate-income persons. Additional awards are pending at the time of this report (pending applications total $5,000,000).
Community Development: The state funded 5 public infrastructure project, including roads, bridges and drainage, 6 community facilities, including senior centers, fire stations, and community centers.
Water/Wastewater: 2 (to date) communities were provided grant funds to complete water and wastewater improvements. Additional awards are pending at the time of this report (current pending application total $6,000,000).

The program remained consistent with the previous year as we continue to work to improve the use of CDBG funds through defining project parameters: maximizing leveraging, assuring long term sustainability and maximizing impact by defining the problem and achieving the best solution.The only changes would be amounts categorically allocated. These are set by public hearing and program demand.
All comments relative to Citizen Participation in the Consolidated Plan process are included in the FY-15 Action Plan.Based upon the FY-2015 funds obligated to date, the PER recognizes 86.9% of funds

OMB Control No: 2506-0117 (exp. 07/31/2015)

dedicated to LMI, 6.5% of the funds dedicated to eliminate slum and blight, and 6.60 % of the funds dedicated to meet urgent need. These are percentages of the non-administrative funds. Local administration was awarded in the amount of 4.4% of the total funds awarded.Missouri targeted 3 separate outcomes for the use of CDBG funding; these were designated in the FY15 Action Plan.

Does this Jurisdiction have any open Brownfields Economic Development Initiative (BEDI) grants?	No

[BEDI grantees] Describe accomplishments and program outcomes during the last year.

CR-50 - HOME 91.520(d)

Include the results of on-site inspections of affordable rental housing assisted under the program to determine compliance with housing codes and other applicable regulations

Please list those projects that should have been inspected on-site this program year based upon the schedule in §92.504(d). Indicate which of these were inspected and a summary of issues that were detected during the inspection. For those that were not inspected, please indicate the reason and how you will remedy the situation.

The list of property inspections is attached as a separate JPEG document.

Inspection page 10

Provide an assessment of the jurisdiction's affirmative marketing actions for HOME units. 92.351(b)

MHDC continues to work with our property managers, mortgage lenders and internal leadership to ensure that fair housing resources are available and that access to those resources is increased. MHDC's website provides links to both the HUD Office of Fair Housing and Equal Opportunity as well as the Missouri Commission on Human Rights (MCHR), those links have been moved to the homepage for easier access. MHDC partners with MCHR on all external trainings and continues to discuss internal strategies for improving fair housing choice within each program.

Refer to IDIS reports to describe the amount and use of program income for projects, including the number of projects and owner and tenant characteristics

<p style="margin: 0in 0in 10pt; line-height: normal;">Based on the IDIS report PR09 MHDC disbursed $7,991,762.26 during the period of 04/01/2015 to 03/31/2016. MHDC polices requires the utilization of available program income on projects before the draw down of HOME

funds from entitlement. The Program income was used throughout the period on various rental projects that would utilized to provide affordable housing to Low Income households.</p>

Describe other actions taken to foster and maintain affordable housing. 91.220(k) (STATES ONLY: Including the coordination of LIHTC with the development of affordable housing). 91.320(j)

MHDC has a state LIHTC to augment the federal LIHTC and generate additional equity, lower rents and finance higher quality housing with more amenities for low-income families and seniors. Due to state budgetary constraints there continue to be efforts to reduce, reform or eliminate the state LIHTC. MHDC continues to work with legislators and state elected officials to make the state credit more efficient and to ensure the state realizes the full benefits from the economic activity and community revitalization that the LIHTC provides.

CR-55 - HOPWA 91.520(e)

Identify the number of individuals assisted and the types of assistance provided

Table for report on the one-year goals for the number of households provided housing through the use of HOPWA activities for: short-term rent, mortgage, and utility assistance payments to prevent homelessness of the individual or family; tenant-based rental assistance; and units provided in housing facilities developed, leased, or operated with HOPWA funds.

Number of Households Served Through:	One-year Goal	Actual
Short-term rent, mortgage, and utility assistance to prevent homelessness of the individual or family	168	192
Tenant-based rental assistance	146	194
Units provided in permanent housing facilities developed, leased, or operated with HOPWA funds	0	0
Units provided in transitional short-term housing facilities developed, leased, or operated with HOPWA funds	0	0

Con Plan Goals and Accomplishments
MISSOURI, 2014

Date: 03/31/2016
Time: 1:17 PM
Page: 1

Accomplishments Associated With a Single Strategic Plan Goal

Goal		Category	Funding Source & Amount	Outcome Indicator	Outcome Unit of Measure	Outcome Expected - Strategic Plan	Outcome Actual - Strategic Plan	Percent Complete	Outcome Expected - Program Year	Outcome Actual - Program Year	Percent Complete
HIV AIDS	1	Affordable Housing	HOPWA: $	Tenant-based rental assistance /	Households	0	0		150	0	0.00%
				HIV/AIDS Housing Operations	Household Housing	1175	0	0.00%			
				Other	Other	0	0		110	0	0.00%
Job	2	Non-Housing	CDBG: $	Jobs created/retained	Jobs	2500	0	0.00%	500	0	0.00%
Public Infrastructure	3	Non-Housing	CDBG: $	Public Facility or Infrastructure	Persons Assisted	75000	0	0.00%	15000	0	0.00%
Public Facilities	4	Non-Housing Community Development	CDBG: $	Public Facility or Infrastructure	Persons Assisted	200000	0	0.00%	20000	0	0.00%
				Buildings Demolished	Buildings	150	0	0.00%	30	0	0.00%
Affordable Housing for Low-Income Household	5	Affordable Housing	HOME: $	Rental units constructed	Household Housing	5320	0	0.00%	621	0	0.00%
				Rental units rehabilitated	Household Housing	3120	0	0.00%	972	0	0.00%
				Homelessness Prevention	Persons Assisted	1390	0	0.00%			
Preservation of Affordable Housing for Low-Income	6	Affordable Housing	HOME: $	Rental units rehabilitated	Household Housing	3200	0	0.00%	610	0	0.00%
				Homeowner Housing Rehabilitated	Household Housing	86	0	0.00%	80	0	0.00%
				Homelessness Prevention	Persons Assisted	730	0	0.00%			
Affordable Housing for the Elderly	7	Affordable Housing	HOME: $	Rental units constructed	Household Housing	2130	0	0.00%	308	0	0.00%
				Rental units rehabilitated	Household Housing	1280	0	0.00%	361	0	0.00%
Continuum of Care	8	Homeless	Continuum of Care:	Overnight/Emergency	Beds	250	0	0.00%	50	0	0.00%
Emergency Solutions Grant	9	Homeless	ESG: $	Tenant-based rental assistance /	Households	2000	0	0.00%	1000	0	0.00%
				Homelessness Prevention	Persons Assisted	8000	0	0.00%	700	0	0.00%
Special Needs Housing	10	Affordable Housing	HOME: $	Rental units constructed	Household Housing	280	0	0.00%	90	0	0.00%
				Rental units rehabilitated	Household Housing	280	0	0.00%	90	0	0.00%

Accomplishments Associated With More Than One Strategic Plan Goal

Con Plan Goals and Accomplishments
MISSOURI, 2015

Date: 03/31/2016
Time: 1:14 PM
Page: 1

Accomplishments Associated With a Single Strategic Plan Goal

Goal		Category	Funding Source & Amount	Outcome Indicator	Outcome Unit of Measure	Outcome Expected - Strategic Plan	Outcome Actual - Strategic Plan	Percent Complete	Outcome Expected - Program Year	Outcome Actual - Program Year	Percent Complete
HIV AIDS	1	Affordable Housing	HOPWA: $	Tenant-based rental assistance /	Households	0	0		146	0	0.00%
				HIV/AIDS Housing Operations	Household Housing	1175	0	0.00%			
				Other	Other	0	0		168	0	0.00%
Job	2	Non-Housing	CDBG: $	Jobs created/retained	Jobs	2500	0	0.00%	500	0	0.00%
Public Infrastructure	3	Non-Housing	CDBG: $	Public Facility or Infrastructure	Persons Assisted	75000	0	0.00%	15000	0	0.00%
Public Facilities	4	Non-Housing Community Development	CDBG: $	Public Facility or Infrastructure	Persons Assisted	200000	0	0.00%	20000	0	0.00%
				Buildings Demolished	Buildings	150	0	0.00%	30	0	0.00%
Affordable Housing for Low-Income Household	5	Affordable Housing	HOME: $	Rental units constructed	Household Housing	5320	0	0.00%	1129	0	0.00%
				Rental units rehabilitated	Household Housing	3120	0	0.00%	759	0	0.00%
				Homelessness Prevention	Persons Assisted	1390	0	0.00%			
Preservation of Affordable Housing for Low-Income	6	Affordable Housing	HOME: $	Rental units rehabilitated	Household Housing	3200	0	0.00%	278	0	0.00%
				Homeowner Housing Rehabilitated	Household Housing	86	0	0.00%	80	0	0.00%
				Homelessness Prevention	Persons Assisted	730	0	0.00%			
Affordable Housing for the Elderly	7	Affordable Housing	HOME: $	Rental units constructed	Household Housing	2130	0	0.00%	451	0	0.00%
				Rental units rehabilitated	Household Housing	1280	0	0.00%	481	0	0.00%
Continuum of Care	8	Homeless	Continuum of Care:	Overnight/Emergency	Beds	250	0	0.00%			
Emergency Solutions Grant	9	Homeless	ESG: $	Tenant-based rental assistance /	Households	2000	0	0.00%	500	0	0.00%
				Overnight/Emergency	Beds	0	0		5000	0	0.00%
				Homelessness Prevention	Persons Assisted	8000	0	0.00%	800	0	0.00%
Special Needs Housing	10	Affordable Housing	HOME: $	Rental units constructed	Household Housing	280	0	0.00%	90	0	0.00%
				Rental units rehabilitated	Household Housing	280	0	0.00%	90	0	0.00%

Accomplishments Associated With More Than One Strategic Plan Goal
