Tools to drive business growth

- Missouri Works, the state's newest economic tool, is a streamlined and comprehensive incentive program for growing jobs and worker training. Whether you run a small, family-owned business or a large corporate company, Missouri Works benefits are customized to suit your needs.
- The Missouri Automotive Manufacturing Jobs Act, a package of strategic incentives to attract next-generation automotive manufacturing to the state,

was signed into law when Gov. Jay Nixon called the legislature into special session in 2010. Gov. Nixon has made it a top priority of his administration to reenergize the Missouri automotive industry, and as a result of these efforts, the state's auto industry has seen significant growth.
