

2016 Governor's Leader in Energy Award Governor's Conference on Economic Development

The Governor's Leader in Energy Award recognizes the outstanding commitments and exceptional achievements by an entity or individual who has made a significant contribution to Missouri's energy landscape. The nominees for this award have shown dedicated efforts toward the advancement of energy innovation, energy efficiency, sustainability with an energy impact, or clean energy or developed creative solutions to address an energy-related challenge in Missouri. The award may recognize a particularly innovative - beyond "business as usual" project, an exceptional program, or people making a compelling impact to advancing clean energy policies or practices in Missouri. Replicable projects or programs are of particular interest.

Criteria:

- *Must be Missouri energy-related businesses, companies, educators, organizations, emerging or proven leaders, mentors, utility providers, or others meriting state recognition.
- * Eligible individual(s) must demonstrate exceptional leadership as an active and effective champion for Missouri's clean energy economy or encourages policies or innovative approaches to solving energy challenges.
- * Eligible projects may include the installation of new technologies, renewable energy generation, process improvements, or sustainable building measures or plans that result in utilizing energy resources more efficiently or embracing in-state clean energy.
- *Eligible programs may include development and implementing creative and effective programs aimed to meet its energy, water, and/or fleet management efficiency or sustainability goals.

Please complete this form and submit your nomination per the instructions at the bottom of the form. Nominations are open to everyone. Entities may nominate themselves. Additional materials and pages of information (copies only) may be submitted with this form if needed.

Name of Nominee:		
Address:		
City:	State:	Zip:
